

Akarkara (Spilanthes) based Indigenous Herbal Medicines for Sexual Health (Aphrodisiac): Pankaj Oudhia's Medicinal Plant Database

Pankaj Oudhia

Abstract

Although Modern literature gives information about only one type of Akarkara and its use as medicine but in Traditional Healing of India many types of Akarkara are raised with the help of Traditional Allelopathic Knowledge and used in combination of potential medicinal species. Unfortunately not much work has been done on Allelopathically enriched Akarkara by modern researchers. Pankaj Oudhia has documented these formulations in its original form.

This research document shows the list of topics discussed in Pankaj Oudhia's Medicinal Plant Database on Akarkara in reference to Sexual Health. For details please visit <http://www.pankajoudhia.com>
