

Majith (Manjith) based Indigenous Herbal Medicines for Anal Fistula or Bhagandar: Pankaj Oudhia's Medicinal Plant Database

Pankaj Oudhia

Abstract

Majith (Manjith) is an important medicinal herb used as Ayurveda medicine since time immemorial. In Traditional Healing of India the Traditional Healers are using it with hundreds of other herbs in form of promising Herbal Formulations. In these formulations central role is played by Majith. In treatment of Anal Fistula (Fistula-in-ano) the Traditional Healers of different parts of India use it in different ways. Majority of the formulations are not mentioned in ancient literature related to different systems of medicines in India and other countries. Pankaj Oudhia has documented these formulations in its original form.

This research document shows the list of topics discussed in Pankaj Oudhia's Medicinal Plant Database on Majith. For details please visit <http://www.pankajoudhia.com>
