

Guggul (Commiphora) based Indigenous Herbal Medicines for Anal Fistula or Bhagandar: Pankaj Oudhia's Medicinal Plant Database

Pankaj Oudhia

Abstract

Guggul (Commiphora) is reputed medicine in Indian Traditional Healing since time immemorial. In form of thousands of Herbal Formulations Guggul is used both in ancient and commercial Ayurveda. In Traditional Healing it is used in simple as well as complex Herbal Formulations. Allopathically enriched Guggul is preferred but in case of non-availability Traditional Healers use other medicinal species in order to enhance the performance of Guggul. It is successfully used in treatment of Anal Fistula (Fistula-in-ano) in Traditional Healing. Pankaj Oudhia has documented these formulations in its original form.

This research document shows the list of topics discussed in Pankaj Oudhia's Medicinal Plant Database on Guggul in reference to Anal Fistula. For details please visit <http://www.pankajoudhia.com>
